Re: Assistant National Directors Monthly Report for May, 2010

Dear Members,

Wow, we are in going into May already.

My first week of April was comprised of the NEC Conference call on Monday, as well as work on the SWA 401K issue, the AMFA shirts and web portal as well as the foreign in-sourcing H-1B Visa issue.

The second week of April I participated in the Monday NEC conference call and on Thursday I attended the SWA presentation of the Charles Taylor award ceremony for Don Hammer in DAL. Wow, it was great to have some of Charles Taylor's family, as well as Don's family, several of the retired SWA mechanics, Louie Key, and Steve Nowak from National.

The third week of April I participated in the Monday NEC conference call, SWA 401K committee conference call, talked with a couple of financial people about the SWA 401K options, and worked on the AMFA web portal as well as several other important issues.

My fourth week of April I participated in the NEC conference call, worked on the SWA 401K issue and various other issues. I participated in the SWA AAT contract negotiations, where we spent two days covering articles 4 and 5 with a TA on those articles and article 13 being discussed.

All in all, April was a great month. We have had many challenges and accomplishments. Remember, by working together, we can be a stronger, more nimble association, and be a force for our members.

**God Bless America, AMFA, and our SOLDIERS that are fighting for our freedom, both AT HOME and ABROAD.**

In Solidarity,

Floyd Looney,  
AMFA Assistant National Director
