Re: **March AND Monthly Report**

Dear Members:

### WELCOME to AMFA!

March was a great month for AMFA.

The National Mediation Board finally made their ruling on the SWA Facility Maintenance Group and the SWA Maintenance Control Group. They ruled both of these groups belonged in the AMFA organization. With that ruling AMFA gained approximately 73 more members. We welcome these new members with open arms and look forward to representing them, and working with them for many years to come. Please remember to submit your proposals for your upcoming contract negotiations and get your nominations in for your contract representatives as well as the nominations for your AMFA Shop Representatives that will be working for you in the future.

In the month of March I have worked with both of these groups and AMFA legal to get them accreted into the AMFA ranks. I have attended GMM and LEC meetings at Local 11 and Local 18. I have attended the SWA Appearance Tech negotiations (Thanks for the involvement, the guidance, and the insight of our member/observers that was shared with your negotiating committee). I have worked with outside firms as well as our members to better the AMFA experience for all our members. I have participated in all the NEC conference calls and talked with the membership in several locations.

In the month of March a Facebook page and Twitter feed was created for our members benefit, by your AMFA NEC; <http://www.facebook.com/pages/Aurora-CO/Aircraft-Mechanics-Fraternal-Association-AMFA/200129743341330>

Please be sure to like us and send me your pictures and events to be shared on our page, and stay tuned as we use this, as well as other social media, to keep our members informed in your union's activities.

***Remember: without great people you don't have great union members!***

**God Bless AMFA and God Bless America!**

**Thanks for all you do,**

Floyd Looney

AMFA Assistant National Director

**SAFETY IN THE AIR BEGINS WITH QUALITY MAINTENANCE ON THE GROUND**
